

# Lancaster Family YMCA Mobile App Push Notifications

The Lancaster Family YMCA mobile app offers push notifications that will provide members with up-to-date information about our Y branches.

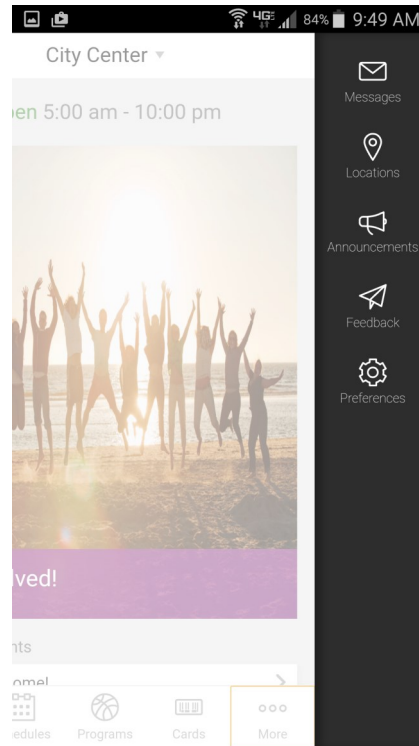

With the recent upgrade to the app, there are now four different types of push notifications available for you to choose to receive. The graphics below illustrate how to set up the app's push notifications on your mobile device.

*Please note that you will only receive push notifications if you select to receive them in the notifications set-up area of the app.*

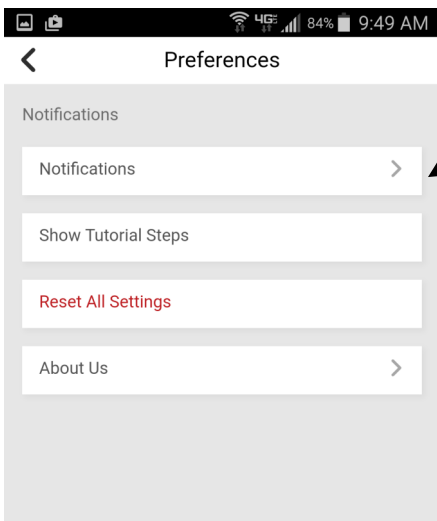

### Step 1

Click "More" in the bottom right of your screen

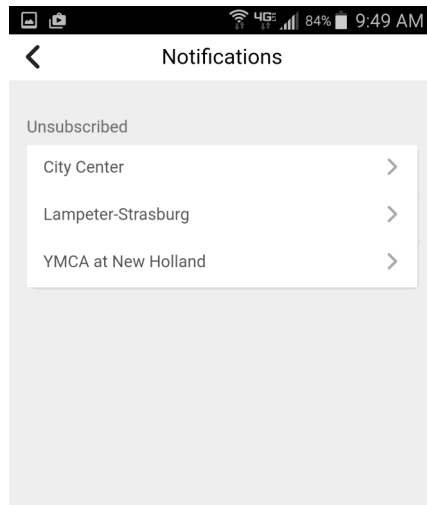

### Step 2

Select "Preferences"

### Step 3

Click on "Notifications"

### Step 4

Choose the YMCA locations that you would like to receive notifications from.

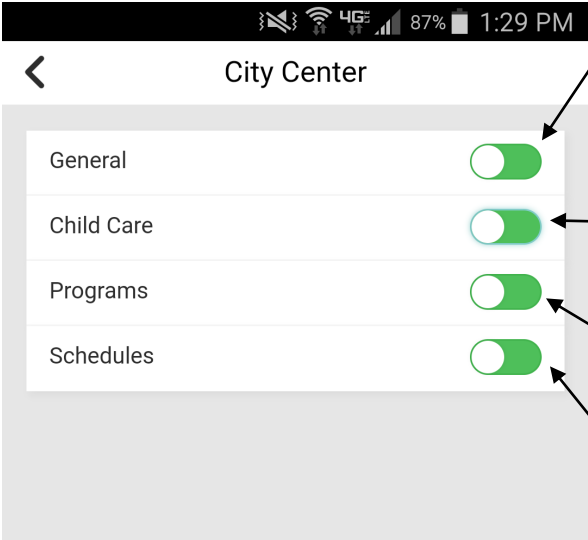

You can receive notifications for one Y branch, all Y branches or any combination of Y branches you like.

# Types of Push Notifications Offered Through the App

The graphic below provides more details on the type of information available with each push notification option offered in our mobile app.

You can choose to receive some of the notifications, all of the notifications or none of the notifications for any of our Y branches.

You can also choose to receive notifications for multiple Y branches at the same time.

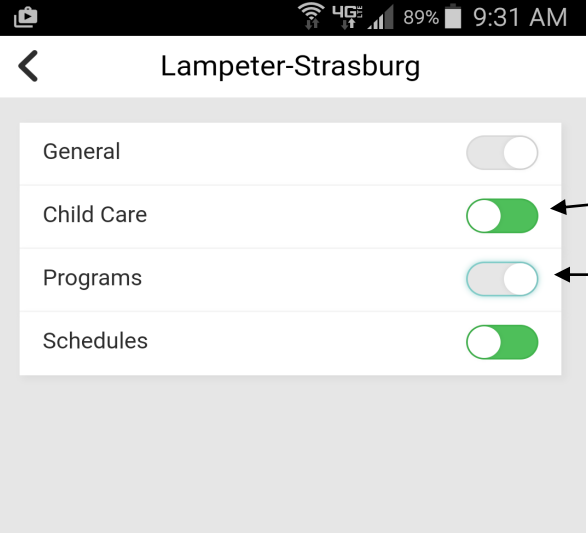

**General**  
General notices and any urgent messages related to delayed facility openings or facility closures or area closures within the branch such as pool shut down, steam room repair, etc.

**Child Care**  
Messages related to our child care program at our Early Learning Academy such as hours/ program changes or closures.

**Programs**  
Messages for program updates such as swim lesson classes, Parent's Night Out, sports programs, Project Pounds Away, etc.

**Schedules**  
Messages for Group Exercise and Aquatics fitness class updates, class cancellations and new session schedules releases

**\*\* Please note that you will only receive push notifications if you choose to receive them.**

**Green** indicates that you will receive push notifications in that category

**Gray** indicates that you will not receive push notifications in that category
